

DRAWER LIGHTING 800

Item number: 1267281

LED lighting fitted inside the basin vanity unit. The light comes on when the drawer is opened and lights up the drawer. Edge basin vanity units and side modules have pre-cut holes to make it easy to install the drawer lighting. Transformer included, fitted to the back of the cabinet and connected to 230 V. If lighting is required in both drawers, use two sets of drawer lighting. Warm white light. IP20.
