Infinity is an exclusive shower enclosure with sleek fittings and an elegant drapery bar. The large areas of glass give an airy feel and create a wonderful sense of space in the bathroom. The wall is reversible so you can choose which wall to install it on. The shower wall can be combined with doors from the Infinity series or supplemented with a beautiful shower curtain to create a cosy and luxurious shower. Keep in mind that Infinity does not have sealing strips as standard, so a correct floor drop is extra important. 8 mm tempered safety glass. Magnetic strip included. CARE INSTRUCTIONS

To facilitate the cleaning of shower doors and shower walls, the showers have large smooth surfaces and profiles without deep grooves. Discolouration is removed using citric or tartaric acid, rinse thoroughly afterwards. Limescale stains are removed using household vinegar warmed to 50 degrees: Rub it in, let it act, rinse away. Repeat for tough stains. Use rubbing alcohol to remove grease stains.
