

BASIN CIRCLE TERRAZZO

Item number: 1273535

The Circle Terrazzo concrete sink is a stylish choice. With a sophisticated circular shape and shades of warm white and multi-coloured stones, the sink captures the colours in your bathroom and enhances them in a subtle way. The terrazzo concrete has natural variations that make each sink unique in its character. The surface of the sink is sealed during manufacture and should be waxed regularly, see care instructions. Buy a bottom valve for sinks without overflow protection, available in several colours to match your mixer.

DETAILED INFORMATION

Item number		Material and surface treatment	
NOBB	60152874	Main material	Concrete
EAN	7330027172750	Surface finish	Matt
Standards and classifications		Color	Beige
EN standard	EN14688	Packaging dimensions and weight	
CE marked	Yes	Package height(m)	0,200
Product dimensions and weight		Package width (m)	0,460
Width	390	Package depth(m)	0,460
Depth (mm)	390	Package weight(kg)	10,900
Height (mm)	120		
Net weight (kg)	9,6		

CARE INSTRUCTIONS

Concrete is a rustic material with natural variations in colour and surface, the material ages when used. Treat the surface of your concrete wash basin regularly, you will find a remedy for concrete at well-stocked specialist retailers. The inside of the washbasin is sealed to close pores and make the surface more resistant to stains. Wipe of water drops with a soft cloth after use to avoid lime coating. If water is left standing in the basin, dark areas may occur which disappear after a few hours. Do not expose the washbasin to water with a temperature higher than 60 ° C or rapid temperature changes. Clean the washbasin with a damp cloth and possibly a little diluted detergent. Always use a soft cloth, avoid steel wool and the like. Avoid cleaners and products containing abrasives, acids, ammonia, acetone or other chemicals (eg scrubbing powder, hair spray, hair colour, bleach, hair removal and nail polish remover etc.). Should you spill any of the above products on the wash basin it should be removed immediately to avoid damage.
