WASHBASIN INFINITY 800

Item number: 1273131

The Infinity washbasin from Hafa is an inset concrete basin with soft, harmonious shapes and a rectangular design. The off-white tone creates a calm and modern look, especially suited to vanity units in wood finishes.

The generous shape provides good bowl volume. The included open waste with round concrete cover blends seamlessly into the design for a cohesive look. The waste is fixed in an open position and has no overflow.

DETAILED INFORMATION

Item number	
NOBB	60941809
EAN	7330027183244
Standards and classifications	
EN standard	EN14688
CE marked	Yes
Sunda Hus	No
ETIM	EC011550
Product dimensions and weight	
Width	810
Depth (mm)	462
Height (mm)	22
Height max. (mm)	135
Net weight (kg)	18
Material and surface treatment	
Main material	Concrete
Color	White
Packaging dimensions and weight	
Package height(m)	0,210
Package width (m)	0,870
Package depth(m)	0,520
Package weight(kg)	22,600

CARE INSTRUCTIONS

Concrete is a rustic material with natural variations in colour and surface. The material is porous and the surface of the basin has both been hardened and sealed to make the surface more resistant to stains. Treat the surface of the sink with wax (e.g. car wax) every 6 months. The surface can be damaged by abrasive sponges, scrubbing powder and similar products, which eventually leads to stains and damages that can't be repaired. Wipe of water drops with a soft cloth after use to avoid lime coating. If water is left standing in the basin, dark areas may occur which disappear after a few hours. Do not expose the washbasin to water with a temperature higher than 60°C or rapid temperature changes. Clean the washbasin with a damp cloth or sponge and possibly a little mild detergent. Avoid steel wool, abrasive sponges etc. Avoid cleaners and products containing abrasives, acids, ammonia, acetone or other chemicals (e.g. scrubbing powder, hair spray, hair colour, bleach, hair removal and nail polish remover etc.). Should you spill any of the above products on the wash basin it should be removed immediately to avoid damage.
