

WASHBASIN INFINITY 1000

Item number: 1273132

The Infinity basin from Hafa is a recessed concrete washbasin with soft, harmonious shapes. The matt off-white colour creates a calm and modern expression that pairs especially well with vanity units in a wood finish.

The included open waste valve with a round concrete cover blends into the design and creates a unified look. The waste valve is fixed in an open position, and no overflow is required.
