

MIRROR ELLIPSE LED 500X850

Item number: 1267243

With elegant shapes and a soft light, the Hafa Ellipse mirror creates a sophisticated atmosphere in the bathroom. The mirror is elegantly backlit with warm white light and has a carefully crafted design that diffuses the light softly outwards.

Hafa Ellipse is made of a copper-free mirror glass, which counteracts corrosion that can occur in humid environments such as bathrooms. On the back there are suspension brackets that are adjustable laterally and facilitate installation. Can be mounted both horizontally and vertically. IP44, not dimmable.
